LAND TAX RIP OFF

U PULL IT'S STAND ON CURRENT GOVERNMENT TAKE ON LAND TAX

As you are aware tough financial times are here for all of us to endure – whether we pay this land tax through more expensive fruit and vegetables, car parts or in your rent increase one thing is for sure all businesses in SA are hit with this unfair land tax structure that affects all of us.

U Pull It Auto Recyclers is still very committed to running successful operations in SA despite the current government's attempts to the opposite.

U Pull It – “where getting it off is half the fun”

Thank you
